

**Michael Ozegowski (Dipl. Phys. / M.Sc.)**

Head of Product Management  
Submarine Systems  
ATLAS ELEKTRONIK GmbH  
Bremen, Germany

Michael Ozegowski was born in 1965 in Wolgast, the North-East part of Germany.

After the military service he studied physics at the University of Greifswald and graduated as M.Sc. in 1993.

From 1994 until 1998 he worked as a scientist at the Bremen Institute of Applied Beam Technology in the field of laser and plasma physics.

In 1999 Michael Ozegowski joined ATLAS ELEKTRONIK in Bremen. He started as a Sales Engineer in the Submarine Systems division. In 2009 he took over the Product Management department, being responsible for all product related activities for Sonars and Systems for Submarines.

Michael Ozegowski is married and has one son.
